

# Surface Pro for Business

## Copilot+ PC powered by Intel Core® Ultra processors (Series 2)

Versatile, powerful AI productivity

Insight 

Discover tablet versatility and laptop performance in a Copilot+ PC<sup>1</sup> featuring Intel® Core™ Ultra processors (Series 2).

### Premium AI experiences for any workspace

The flexible form factor brings Copilot to life in more places. Use pen, touch, and voice inputs to seamlessly support productivity.

### AI performance built in

Move at the speed of opportunity with local AI processing, Intel Core Ultra processors (Series 2), and long-lasting battery life.<sup>2</sup>

### Adopt AI with peace of mind

Microsoft® security at every layer protects your business, including Windows® 11 Pro security features by default and Microsoft Pluton™.

Intel Core Ultra processors (Series 2) deliver speed and efficiency up to 48 TOPS from the NPU to support today's features and tomorrow's innovations.<sup>3</sup>

A 165-degree fluid kickstand and full-friction hinge help adapt to **any workspace**.

Optional **OLED display** provides crisp visuals in varied conditions with HDR,<sup>4</sup> adaptive color, and outstanding contrast and brightness.

Gain peace of mind with Secured-core PCs featuring **Windows 11 Pro security** enabled by default.

Safeguard data from unauthorized access with **TPM 2.0 hardware-level encryption**, Windows Hello® for Business with facial recognition and Enhanced Sign-In Security (ESS), NFC authentication, and built-in BitLocker® drive encryption.

Add Surface® Pro Flex Keyboard<sup>5</sup> for **comfortable typing, precision haptic touchpad, and Copilot key** for one-touch Copilot access.<sup>6</sup>

**Two USB-C® with USB4®/Thunderbolt™ 4 ports** enable fast data transfer and support up to two 4K monitors at 60 Hz with compatible docks. Keep employees connected with high-speed Wi-Fi 7<sup>7</sup> and resilient Bluetooth® Core 5.4.

**Improve collaboration** with front-facing Surface Studio Camera featuring ultrawide field of view and AI Windows Studio Effects.<sup>8</sup>

**Antireflective technology** reduces reflections for improved visuals in varied lighting.

<sup>1</sup>On some devices, Copilot+ PC experiences require free updates continuing to roll out through early 2025. Timing varies by device and region. See [aka.ms/copilotpluspcs](https://aka.ms/copilotpluspcs). <sup>2</sup>Based on local video playback test. Battery life varies significantly based on device configuration, usage, network and feature configuration, signal strength, settings, and other factors. See [aka.ms/SurfaceBatteryPerformance](https://aka.ms/SurfaceBatteryPerformance) for details. <sup>3</sup>Intel AI Boost with 48 TOPS on Intel Core Ultra 7 processor 266V and Intel Core Ultra 7 processor 268V. <sup>4</sup>HDR requires HDR content and enabling HDR in device settings. <sup>5</sup>Sold separately. <sup>6</sup>Copilot key feature availability varies by market, see [aka.ms/keysupport](https://aka.ms/keysupport). <sup>7</sup>6 GHz band not available in all regions. <sup>8</sup>Videoconferencing apps and services sold separately.

<sup>9</sup>Solid State Drive (SSD) Retention is only available on Microsoft Surface devices in which the SSD is marketed as removable per the Technical Specifications. SSD Retention is included in both Extended Hardware Service Plus and Microsoft Complete for Business Plus and is also available as an Optional Add-on when purchasing Microsoft Extended Hardware Service and Microsoft Complete for Business. Devices returned to Microsoft with a missing SSD are subject to an SSD replacement fee unless the device is enrolled in the SSD Retention offer. <sup>10</sup>Ibid. <sup>11</sup>In select markets, only specific configurations come with 39W Surface Power Supply. Fast charging is supported with minimum 65W Surface Power Supply or minimum 60W USB Type-C PD charger or higher, sold separately. Testing conducted by Microsoft in December 2024. For details on fast charging see [USB-C and fast charging for Surface — Microsoft Support](#). <sup>12</sup>6 GHz band not available in all regions. <sup>13</sup>Based on local video playback test. Testing conducted by Microsoft in January 2025 using preproduction software and preproduction Surface Pro Intel Core Ultra 5 256GB, 16GB RAM (LCD) devices, and Intel Core Ultra 7 256GB, 16GB RAM (OLED) devices. Testing consisted of full battery discharge during video playback of a .mov file through the Windows Media Player application in 1080p at 24 FPS. All settings were default except screen brightness set to 150 nits with auto-brightness disabled. Wi-Fi was connected to a network. Battery life varies significantly with settings, usage, and other factors. <sup>14</sup>Sold separately. Software license required for some features. <sup>15</sup>Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See [aka.ms/m365businesstrialinfo](#). <sup>16</sup>Voice focus requires activation, requires Windows 11, and is available in apps which use integrated device microphones and use certain Windows audio processing modes. <sup>17</sup>Requires Dolby Atmos encoded content/audio. <sup>18</sup>Surface Pro display has rounded corners within a standard rectangle. When measured as a standard rectangular shape the screen is 13" diagonally (actual viewable area is less). <sup>19</sup>HDR requires HDR content and enabling HDR in device settings. <sup>20</sup>Requires Dolby Vision encoded content and video. <sup>21</sup>The Surface Pro (Intel) 11th Edition display has been designed to minimize unwanted reflections and has been certified by TÜV SÜD to meet the requirements of ISO 9241-307. <sup>22</sup>HDR requires HDR content and enabling HDR in device settings. <sup>23</sup>Surface Pro display has rounded corners within a standard rectangle. When measured as a standard rectangular shape the screen is 13" diagonally (actual viewable area is less). <sup>24</sup>Requires Dolby Vision encoded content and video. <sup>25</sup>The Surface Pro (Intel) 11th Edition display has been designed to minimize unwanted reflections and has been certified by TÜV SÜD to meet the requirements of ISO 9241-307.
