

Accelerate deployment and adoption of Microsoft 365

Business challenge

Migrating to Microsoft 365® provides many benefits to business — but the transition from on-premises solutions to the cloud can be challenging for IT and end users. Without sufficient support and training, on-boarding and adoption can suffer, resulting in wasted technology investments and declined productivity for your business.

Insight is a Microsoft FastTrack Ready Partner helping clients quickly and securely move to Microsoft 365 with confidence.

Our solution

Take advantage of the benefits included in your Microsoft 365 subscription. FastTrack is a combination of resources, engineering expertise and best practices designed to help make your journey to the cloud effective, efficient and secure. As a FastTrack Ready Partner, Insight can help you deploy Office 365® and Enterprise Mobility + Security (EMS) solutions — and drive user adoption. Our team will support your business by:

- Enabling secure, real-time collaboration and conversation with Microsoft Teams®
- Securing identity and devices
- Securing solutions with EMS to protect users, devices, apps and data

Benefits of FastTrack with Insight

FastTrack offers access to end-user training, adoption templates and change management guides to help you plan for and initiate change across your organization.

Insight's Fast Track services provide access to dedicated engineering resources to offer guidance, best practices, and address your deployment questions.

Our proven process includes:

- Remote technical on-boarding guidance for basic set up and configuration at no additional cost
- Best practices, self-serve tools and wizards and online resources
- Remote adoption workshops, change management guides and communication templates
- Email and data migration services for 500+ seats through Microsoft supported by a 24x7x365 Microsoft migration team

Interested in learning how Insight can deliver your FastTrack benefits and help you accelerate your move to Microsoft 365? Reach out to your Insight account team for more information.
