

Why Insight for Office 365 Enterprise E5?

Insight is Microsoft's largest global Licensing Solution Provider (LSP) and has been providing Microsoft® solutions for more than 25 years. As one of the first Microsoft LSPs and enterprise software advisors, we put Microsoft at the center of our end-to-end strategy to help businesses run smarter. We collaborate to deliver Intelligent Technology™ solutions that meet your strategic business needs and optimize your technology investments.

- 7+ million Microsoft cloud seats sold
- Complimentary onboarding
- Packaged and customized deployment services
- Flexible licensing options

How Office 365 Enterprise E5 will help your business

Office 365 Enterprise E5 addresses your interconnected business needs. First, this real-time communications platform allows for meetings, calls and interactive collaboration with management from one secure location.

Additionally, two Business Intelligence (BI) offerings deliver comprehensive dashboards, unique organizational insights and impactful data visualizations. Finally, you can defend against security threats and maintain control over data access with advanced threat protection.

A comprehensive suite of innovative tools

Office 365 Enterprise E5 provides access to familiar Office applications, valuable online services and add-on solutions, including:

- Office 2016 applications for your PC and Mac®
- Equivio® analytics for e-discovery
- PSTN conferencing and calling
- Power BI Pro
- Cloud PBX

Insight is your expert connection to Microsoft solutions that help your business run smarter.
