

## Why Insight for Office 365 Exchange Online?

Insight is Microsoft's largest Global Licensing Solution Provider (LSP) and has been providing Microsoft® solutions for more than 25 years. As one of the first Microsoft LSPs and enterprise software advisers, we put Microsoft at the center of our end-to-end strategy to help businesses run smarter. We collaborate to deliver Intelligent Technology™ solutions that meet your strategic business needs and optimize your technology investments.

- 5 million Exchange mailboxes migrated
- Complimentary onboarding
- Packaged and customized deployment services
- Flexible licensing options

## How Office 365 Exchange Online will help your business

You can work from anywhere with enterprise-grade hosted email that increases user productivity, enhances governance and heightens security. Office 365™ Exchange Online inboxes highlight important messages across devices using rules that align with how you work. This allows you to get more done, faster.

The web-based Exchange admin center delivers powerful management capabilities, including role-based access and data loss prevention. Your company can protect its communications and data with built-in defenses against phishing attacks, spam and viruses.

- Run e-discovery across Exchange, SharePoint® & Skype® for Business.
- Manage data with Exchange archiving & retention policies.
- Streamline & improve collaboration with Office 365 groups.
- Find, monitor & protect private data with deep content analysis.

Insight is your expert connection to Microsoft solutions that help your business run smarter.
