Brief

HP Mobile Connect Pro

Mobile broadband that's ready when you are

200 MB
of data per
month for 3 years
included

Connectivity – as you need it

HP Mobile Connect Pro[1] is great for people who want to be connected on the go, but don't want to be dependent on hotspots or pay a fixed monthly fee for a mobile broadband contract.

Whether you are on the road for a few days or a few weeks, HP Mobile Connect Pro offers a plan to fit your needs and your budget. Buy and use only what you need, when you need it.

A new form of freedom

Fully integrated with your HP business notebook or tablet PC, HP Mobile Connect Pro gives you more connectivity options than you have ever had before.

Work and surf with minimum contractual requirements and no set-up or overage fees. It is secure, easy to set up and log on. No dealing with lines at retail stores, no more hotspot charges, and no long term contracts. Just sign up, take advantage of the included 200 MB of data per month for 3 years[2] and go.
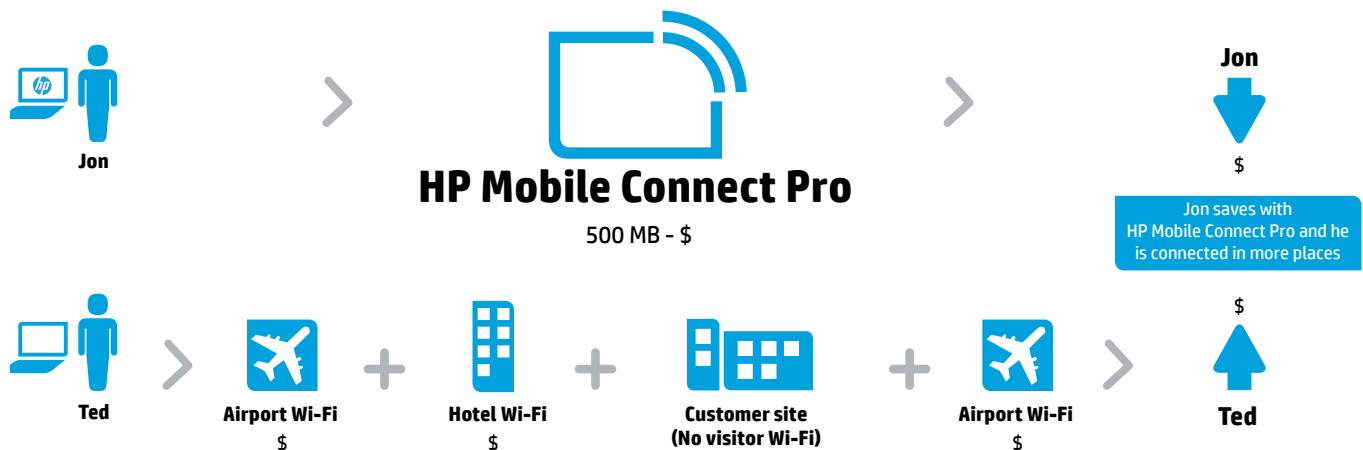

Local and International plans

Whether traveling internationally or staying closer to home, HP Mobile Connect Pro fits your needs and your budget. HP Mobile Connect Pro uses established, major mobile broadband carrier networks for reliable connectivity you can trust.

With our international plans you can connect across multiple countries for one low, pre-paid, predictable rate. Eliminate "bill shock" due to unknown roaming fees.

Availability

Mobile Connect Pro is available for sale embedded in select HP Notebooks, 2-in-1s and Tablets across Austria, Belgium, Denmark, Finland, France, Germany, Ireland, Italy, Luxembourg, Netherlands, Norway, Spain, Sweden, Switzerland and the UK. Customers who purchase this product will be able to choose one country from the Mobile Connect Pro footprint where they want their 200 MB of inclusive data every month to operate.

Predictable, affordable mobile connectivity

Service footprint
The HP Mobile Connect Pro service is available for use in 91 countries across the world through three different tiers of plans:

• Local Plans available in countries (15) where the service is bundled with products

• Europe Plans covering the EU and EEA countries as well as Switzerland (32), and

• World Plans covering an additional 59 countries across the world

The footprint will continue to expand. For the latest information see, hp.com/go/mobileconnect.

Why HP Mobile Connect Pro is right for you

• Affordable productivity
A contract-free, pay-as-you-go mobile broadband service that comes with 200 MB of data included per month for 3 years. Its more affordable than Wi-Fi hotspots or expensive data roaming charges.

• More convenient
Why be tied down to wireless hotspots with confusing log-on credentials? Enjoy the convenience of a single password and consistent log-in experience without worrying about finding a hotspot.

• Stay protected
Avoid the security risk of public Wi-Fi by using the always-encrypted HP Mobile Connect Pro service.

HP makes it easy for you to choose the right amount of data to fit your needs by providing a variation of plans with local or international coverage.

Windows® 8 Windows® 8.1
• Open the HP Mobile Connect Pro app, and register your account.

• Once registered you will receive 200 MB of data to use per month for 3 years (36 months).

• Connect!

Windows® 7
• Open the HP Connection Manager and register your account.

• Once registered you will receive 200 MB of data to use per month for 3 years (36 months).

• Connect!

Empower your HP device with the reliability and enhanced security of a major mobile broadband carrier. Pay only for the mobile broadband you actually need. Purchase more on the go. It's as simple as that.
